

I'm 33

33 Year Old Concrete Pavement
US Route 84
Lincoln County, MS

*Now you can
have your cake
and eat it too*

**Concrete pavements are
a long-term pavement
solution with competitive
initial pricing.**

You don't have to settle anymore. You can have your cake and eat it too because concrete pavements provide a long-term, durable solution with a competitive initial cost. Concrete pavements have fewer repairs and fewer work zones over the life of the pavement and that translates into lower lifetime ownership costs or life cycle costs. Concrete pavements have always provided long lasting-quality you can count on.

Examples of concrete pavement's permanence can be found all around Mississippi. Just check out this section of US Route 84 near Brookhaven, MS in Lincoln County. There has been no major maintenance and it's 33 years old. So make sure the taxpayers in your area get it all - the greatest value, now and later with concrete pavements. Bon Appetite!

Find out more about Concrete Pavement's many benefits by calling:
