CLASSIFICATION: **Please check each box that applies for your company.**

- Airport Paving Contractor
- Bridge Deck Contractor
- CPR/Repair Contractor
- Diamond Grinding Contractor
- General Contractor
- Highway Paving Contractor
- Industrial Paving Contractor
- Parking Lot Paving Contractor
- Pervious Pavement Contractor
- Roller-Compacted Concrete Contractor
- Soil Stabilization Contractor
- Street/Road Paving Contractor
- Other (explain) \_\_\_\_\_

CONTRACTOR MEMBER DESCRIPTION: Contractor Members consist of concrete paving contractors that pave: highways, airports, streets, roads, industrial and parking areas; concrete pavement restoration contractors that restore concrete pavements by: patching, stabilizing, diamond grinding, joint/crack resealing, and retrofitting dowel bars and reinforcing; contractors or pavement specialty contractors that build or repair: cement-stabilized bases, shoulders, barriers and bridges. A contractor member shall include a person, partnership, subsidiary, affiliated entity or full corporation engaged in the type of work described.

---

---

HOME CHAPTER:

Please designate your home organization (chapter or state assn. affiliate, if any) \_\_\_\_\_

Affiliated chapter and state association dues and assessments are billed separately through the local office. As a part of your membership, you agree to pay assessment dues to any ACPA affiliated chapter or state association in which your company performs work (even if outside your "home" area).

Assessment rates and other requirements vary by chapter and apply to the work within its territories performed by any contractor member. Local assessment rates are published on the Association's members-only web page at [www.acpa.org](http://www.acpa.org).

---

---

---

---

NATIONAL DUES RATES:

**Companies that work within the United States:**

ACPA national core dues are determined by the volume of applicable work awarded to your company in the prior year (see table below). National dues are billed through the ACPA National office separate from any local dues or assessments.

Volume of applicable work awarded in 2009	National Core Dues
Less than \$1.0 Million	\$500
\$1.0 to \$2.9999 Million	\$1,000
\$3.0 to \$4.9999 Million	\$2,000
\$5.0 to \$6.9999 Million	\$4,000
\$7.0 to \$8.9999 Million	\$6,000
\$9.0 to \$10.9999 Million	\$8,000
\$11.0 to \$12.9999 Million	\$10,000
Greater than \$13 Million	\$12,000

**Applicable work includes:**

- Highway Concrete Paving
- Airport Concrete Paving
- Street/Road Concrete Paving
- Industrial Concrete Paving
- Pervious Concrete Paving
- Full- and Partial-Depth Patching
- Diamond Grinding and Grooving
- Joint and Crack Sawing & Sealing
- Retrofitting Dowel Bars and Tiebars
- Slab Stabilization/Jacking
- Concrete Shoulders
- Cement-Stabilized Subbases (if applied locally)

**Companies that work outside of the United States:**

National core dues: \$1500 (US).

---

---

VOLUNTARY CONTRIBUTION OPTIONS:

**Platinum National Paver:** Become a Platinum National Paver by adding an additional 20% to your national core dues. Contributions will further support ACPA's national programs and provide you an opportunity for the following exclusive platinum membership benefits:

- Special recognition in Association communications.
- Invitations to participate on panels and other valuable networking opportunities with state chief engineers or other influential public officials/decision-makers (build your network!).
- Discounts for ACPA meetings, education events and publications.

**Technology Partner:** You may become a Technology Partner with an additional voluntary, tax-deductible contribution to support the Concrete Pavement Research Endowment fund of the IPRF, a 501(c)(3) organization of the ACPA. The research endowment supports the industry's research needs through the National Concrete Pavement Technology Center. All donations are maintained exclusively to support the endowment fund. For more information about the Innovative Pavement Research Foundation visit [www.iprf.org](http://www.iprf.org). For more information about the National Concrete Pavement Technology Center visit [www.cptechcenter.org](http://www.cptechcenter.org).

---

NOTES ABOUT CONTRACTOR MEMBERSHIP:

1. All contractors that join a local paving promotion organization affiliated with ACPA, must also join ACPA nationally.
2. Contractors from areas without an affiliated local chapter may join ACPA National directly.
3. All contractor members within affiliated chapter or state association territories must designate a “home” chapter based on either: 1) the chapter whose territory contains the company’s headquarters, or 2) the chapter where the company performs the majority of its concrete paving.
4. As a fundamental agreement of membership, all contractors are obligated to pay ACPA national core dues and pay assessment dues to any affiliated chapter/state associations in which they perform work. The assessment rates and other requirements of each chapter apply to the work within its territories performed by any contractor member, regardless of their designated “home” chapter.
5. ACPA national core dues for the current year are based on the volume of assessable work awarded to the contractor in the previous year.
6. ACPA will consult the affiliated chapters/state associations, bid tabulation information and/or the member directly for the appropriate volume and core level.
7. ACPA national core dues rates are determined by the ACPA Board of Directors, and reviewed annually.
8. ACPA will process national core dues through the national office.
9. Affiliated chapters and state associations will assess the work of local and visiting ACPA member contractors based on their local dues structure.
10. Affiliated chapters and state associations dues and assessment rates are determined locally by the chapter or state association Board of Directors.
11. Affiliated chapters and state associations dues structures typically include both an annual base dues and a volume assessment.
12. Assessment rates vary from chapter to chapter, as do the types of work considered assessable.
13. The required time of payment for local chapter dues vary from chapter to chapter. Some chapters bill for volume assessments at the time of award, some at a prescribed time after award, and others upon completion of work.
14. A contractor member acting as a prime contractor is responsible to see that assessments for assessable work are paid to the appropriate chapter regardless of whether the work is done by them (as the prime contractor) or by a non-member they have hired as a subcontractor. A member who acts as a subcontractor is responsible for reporting and paying applicable assessments on work which they perform regardless of whether the prime contractor is a member or not.
15. ACPA National Core Dues for new members may be pro-rated in monthly increments for any member joining after April 30th. Members that join in the quarter of the year must pay the full annual dues or quarterly dues for the appropriate volume classification.
16. At the request of an affiliated chapter or state association, the ACPA Chairman of the Board may appoint a Membership Dispute Committee to hear complaints regarding any contractor for non-payment of volume assessments for work performed in their territory. The Membership Dispute Committee will attempt to resolve the situation by providing a forum for the contractor and all involved chapters and will recommend an appropriate action to the ACPA Executive Committee and Board of Directors.
